STUDIO PERFORMANCE EVERYWHERE YOU GO.

Hear your music through our ears.

With more than 1,400 international patents, the AKG® brand has been delivering the powerful, undistorted sound that music professionals have relied on for more than 60 years, consistently producing some of the truest and most natural-sounding headphones and microphones in the history of audio. AKG equipment has toured with everyone from Frank Sinatra and the Rolling Stones to Missy Elliott and Kanye West. We've even done a few thousand global orbits aboard the *Mir* space station with stars of a different variety. Now, AKG studio performance is available everywhere you need it to be, with wired, wireless and noise-cancelling headphones and ear buds that recreate your favourite music with all the richness and subtlety of the original performance – for your ears only. If you're serious about music, and you're looking for the perfect headphones or ear buds that meet your exacting standards, look no further than the AKG brand.

HEADPHONE CATEGORIES

HOME	True studio accuracy in headphones designed for hours of relaxed home listening.
DJ	Rugged, high-output headphones designed in partnership with leading professional DJs.
GAMING	Award-winning headphones that take video gaming to the next level of excitement.
ON-THE-GO	A wide range of earphones and mini, noise-cancelling and wireless headphones, all built for portability.
QUINCY JONES	Headphones with the precision sound and sophisticated style you'd expect of a music icon.

Wireless

Get AKG quality with your choice of Kleer® or *Bluetooth®* technology – and enjoy all the freedom of wireless headphones with none of the compromises.

Noise cancelling

AKG headphones with active noise reduction can deliver a private, undisturbed listening experience in even the loudest, most distracting public environments.

Mini

Enjoy the superior sound quality of an on-ear design with the convenience of an ingenious folding mechanism that makes AKG mini headphones uniquely portable.

In-ear-canals

Ultralight, ultraportable and designed to block out most ambient noise, AKG in-ear headphones deliver immersive listening experiences with a dynamic range comparable to full-size headphones.

In-ear buds

Lightweight enough for endless airplane flights and marathon commutes, AKG ear buds deliver high-output sound with excellent frequency response.

Sport

Jog, pedal, ski, skate, climb, soar – AKG sport headphones will stay with you, delivering the kind of performance that can inspire you to do only your personal best.

ON-THE-GO AVAILABLE IN BLACK WITH ALUMINIUM ACCENTS

K840 KL

HIGH -PERFORMANCE KLEER®
WIRELESS MINI HEADPHONES

THE KLEER® CHOICE.

Kleer technology does not compress the signal to transmit it, so there's no lack of fidelity Because the Kleer system uses clear-channel reception, the system uses minimum power and fewer channels to transmit its signal, so the battery lasts longer. Kleer tech sends signals over much greater distances than other wireless technologies, which break up over extremely short ranges.

In particular, the K840 KL headphones feature:

> Extended battery life (up to two weeks)
> Extended operating range (up to 20m); up to 5m between transmitter and receiver
> Ear-cup volume control
> Unique 3D-Axis² folding mechanism for easy transport and comfortable fit

3D-AXIS²

kleer

K830 BT

HIGH-END WIRELESS HEADSET
WITH *BLUETOOTH*® TECHNOLOGY

NOT JUST WIRELESS. AKG WIRELESS.
