The EFW 6125 LCD/TFT 'adjustable' wall support is suitable for TVs up to 26", and features a tilt and turn function.

LCD/TFT wall support EFW 6125

Pull out the EFW 6125 support and turn and tilt your screen for the best view. Afterwards, simply fold the screen back against the wall. And you can combine this wall support with our Column system and Audio/DVD support to create your own entertainment centre.

Note : Some retailers still sell the EFW 6105/6125/6145 in the 2007 packaging. The 2007 packaging does not include the strips to create a 200x100 mm mounting hole pattern (the 2007 packaging therefore also indicates a maximum screen size of just 22", while the current maximum is 26"). Do not worry, the supports in this older packaging can also be made suitable for 26" screens. Just ask your Vogel's reseller for the service kit containing the 200x100mm strips.
